THIS MOBILE INNOVATION CENTRE SHOWCASES THE LATEST TECHNOLOGY FROM DAHUA

With the latest equipment always installed on board you can see, feel and experience Dahua's solution enabling capabilities first hand.

Driving Innovation to an AIoT Future is our message as we take you on a journey through our world-leading portfolio of video security technologies.

During your visit to the van we will share how our products can help create compelling solutions to many business challenges. Our expert team will be on hand to support you and explore options from our extensive and ever growing product portfolio.

Win a £200 or €200 Booking.com voucher during your visit

For more information, please visit ireland-tour.dahuasecurity.co.uk

YOUR HEALTH IS OUR TOP PRIORITY

To minimise the potential spread of viruses, Dahua's innovation van will undergo extensive cleaning between each trip. We will be providing each visitor with a complimentary face mask to ensure customer and staff safety.
